Dear Parents,

Attached to this letter, you will find a list of pictures your student will be needing for the fourth grade Virginia State Notebook project next year. We would like to have you begin to collect pictures over the summer so the notebook will not be overwhelming. Some parents have found that trimming pictures and numbering them according to the page of the notebook is also very helpful. There is a sample state notebook for you to view in the financial office throughout the summer months. The Virginia State Notebook is an excellent project and you will find it a rewarding experience. Have a wonderful summer and enjoy collecting those pictures!

Sincerely,

Fourth Grade Teachers
